

FAMILY SLEEP DIAGNOSTICS

SAVING LIVES AND MARRIAGES

WHY CHOOSE FAMILY SLEEP DIAGNOSTICS TO PERFORM YOUR SLEEP STUDIES:

6 Convenient Metroplex Locations, including 3 Area Hospital Affiliations

- Hurst
- Irving/Las Colinas
- Mansfield
- North Richland Hills
- Plano (2 locations)

Check our website, www.familysleepdiagnostics.com, for scheduled openings of additional locations or call us at: 972-714-0011 • Fax 1-800-816-1477

Effortless Referrals

Our staff performs all insurance verifications and obtains prior authorizations when needed. Your staff simply faxes us the signed referral form, patient demographics and any required clinical information. We will then fax back a 'received' confirmation. You always know the status of your patient's referral.

Physician Flexibility

Physicians can interpret and bill for their own studies, or designate a physician of their choosing to interpret for them.

Insurance

We accept all major insurance plans, including Medicare and TriCare.

Highly Skilled Staff

We employ the highest number of Certified and Registered Polysomnographic Technologists (CPSGT, RPSGT) per bed in the DFW Metroplex.

Convenient Locations, Flexible Scheduling

All of our locations around the DFW Metroplex are open 7 days a week and testing is available at all times of the day and night. Do you have a patient who is a shift worker? Day sleeper? No problem! We will test them during their 'normal' sleep hours so that you get the most accurate clinical picture of their sleep pattern.

Rapid Report Turnaround

Scored summary reports are returned within 2 business days of patient testing.

One Stop Shopping

We can assist with coordinating your patient's PAP therapy equipment needs. At your direction, we will even perform your patient's initial equipment set-up, mask fitting and instruction. All within 48 hours of your order.

Patient Equipment and Compliance

We ensure that only the most current, technologically advanced equipment is dispensed to your patient. Our expert RTs and RPSGTs and the DME providers we refer to, will follow your patient via telephone and face-to-face appointments at frequent intervals. We will download all compliancy reports to be sure your patient not only understands the proper use of their equipment, but that they are using it nightly. We believe a non-compliant patient is a patient we have failed.

"Superior customer service"... that's how you will describe your FSD experience. Try us and experience the difference!
